 - Special emphasis reports:
 - TBI
 - Child injury
 - Drug overdose

State Heroin/Prescription Opioid Mortality Study

- Heroin & Prescription Opioid deaths in 2008-2012
- 28 states participated
- Analysis & state data compilation by CDC completed
- MMWR State Heroin/Prescription Opioid Mortality Study to be released October 3!

Prescription Drug Overdose- Boost for State Prevention

- CDC Grant Funding Opportunity
 1. Enhance and maximize prescription drug monitoring program (INSPECT)
 2. Evaluate Laws, Policies, Regulations Implemented in Indiana
- Status: Approved, but unfunded

Collecting Violent Death Information Using the National Violent Death Reporting System (NVDRS)

- Funded! CDC Grant Funding Opportunity
- To create and implement a plan to collect and disseminate accurate, timely, and comprehensive surveillance data on violent deaths
 - Suicide
 - Homicide
 - Undetermined Intent
 - Unintentional Firearm Death

Four primary activities:

1. Create and update a plan to implement INVDRS in Indiana
2. Collect and abstract comprehensive data on violent deaths from:
 - Death Certificates
 - Coroner reports
 - Law enforcement records
 - Child Fatality Review (Optional Module)

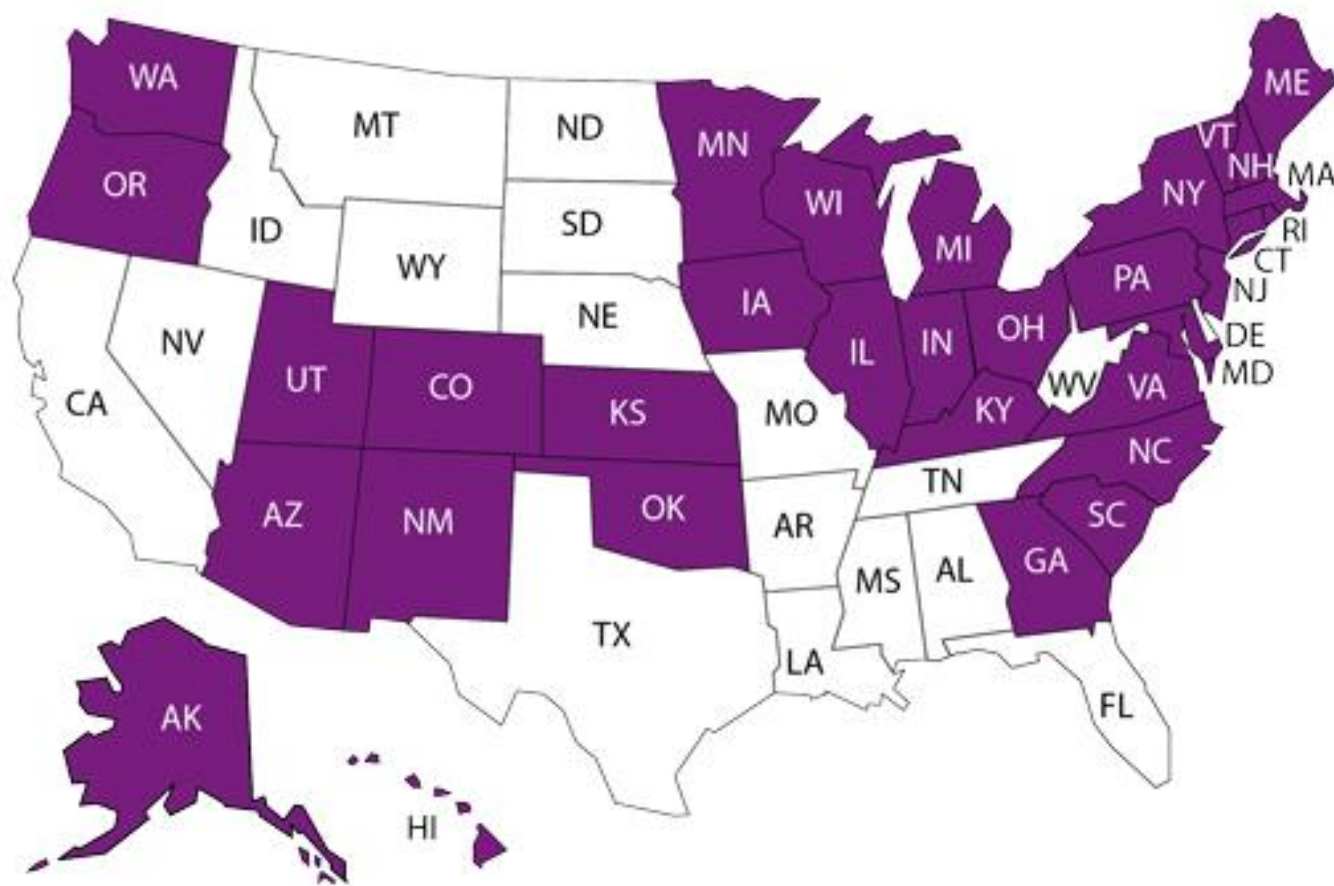

Four primary activities:

3. Disseminate INVDRS data to stakeholders, the public, and CDC's multi-state database
4. Explore innovative methods of collecting, reporting, and sharing data to improve timeliness and greater utilization of data for prevention efforts

Year 1 Pilot

- Collect violent death data from Child Death Review & Vital Records
- Collect deaths that occurred in 6 counties:
 - Marion, Allen, Lake, Vanderburgh, St. Joseph, and Madison
- Link related violent deaths that occurred within 24 hours
 - Multiple homicides, suicide pacts, suicide/homicides
- Remaining years collect all violent deaths in IN

32 States Funded
